PROFILE

- Creative developer with a Master's degree in Design.
- Experience in creating web and mobile applications using React, React Native, Redux and Node.js.
- One year of professional experience working in the creative industry.
- Self-motivated, detail-oriented with strong organisational skills and thrive under pressure.

WORK EXPERIENCE

Planes

Jul - Current, London, UK

Software Engineer (Contractor)

- Collaborate with engineers, project managers and UX designers to create features and maintain mobile and web applications using React, React Native, Styled System and Storybook.
- Analyze user stories and participating in sprint planning, scrums, demos and retrospectives.

Freelance Web Developer/Designer

Jun 2020 - Current, London, UK

- Build websites with bespoke design for clients from concept to production.

M. de Nood

Oct 2019 - Mar 2020, London, UK

Studio Assistant Intern

- Work with the studio team for the Autumn / Winter 2020 collection from initial concept to production.
- Assist with pattern cutting and produce accurate toiles for development. Produce samples to couture standards, from preparing fabric for cutting to working on industrial machines and hand sewing for finishing.
- Work directly with the head designer to realize creative textile ideas.

XU ZHI

Sep 2018, Jan - Apr 2019, London, UK

Design Intern

- Support the creative team with researching, sourcing for fabrics and trims, developing textile samples, draping and making toiles for product development.
- Assist seamstresses with making showpiece and alteration to the deadlines given, including pattern cutting, hand sewing, and working on industrial machines.
- Assist with model casting, fittings and backstage dressing for London Fashion Week presentations.

Xuege

Jun - Aug 2017, Wenzhou, China

Design assistant

- Assist designers during the design process from researching to making pre-production samples, including creating mood boards, making embroidery and beading samples, CAD drawings, sourcing fabrics and trims and creating tech packs.
- Work closely with the accessory department, in-house pattern makers and the sample room throughout the sample-making.
